Re: Drew Scientific Inc. v. PointCare Technologies, Inc. 08 CV 1490

Your Honor:

I am writing on behalf of both parties to the above-captioned litigation. Pursuant to Your Honor's recommendation, the parties have opened a dialogue aimed at achieving an amicable resolution of their differences. The Chief Executive Officers of both companies are holding direct discussions and a form of settlement "Term Sheet" is being exchanged by the parties for purposes of continued negotiation.

Both parties believe that they are making progress and therefore might avoid the additional costs of a mediation and/or trial. However, due to the nature of the issues involved and the schedules of the senior corporate officers, the parties jointly believe that they may not be able to achieve an out-of-court resolution before the current trial date of July 28, 2008. To this end, both Drew and PointCare would respectfully ask the Court to defer the trial date for at least an additional sixty (60) days to provide the parties with the time needed to ascertain if a full and final resolution can be achieved by the parties while continuing to assure an expedited trial if they cannot achieve a quick resolution.

Your Honor previously provided the following schedule: mediation to be scheduled for this week, the pre-trial order, etc., submitted to Your Honor by July 9, and the final pre-trial conference to be held on July 14. The relevant portion of the transcript of our last meeting with Your Honor is attached for your convenience.

Respectfully Submitted,
